

To all our Enrolled Patients,

Due to rising costs, we have revised our fees with the approval of Health New Zealand and our Primary Healthcare Organisation.

From 8 Apr 2024, new fees will apply.

The detailed fee schedule can be found on <https://www.rhdoctors.nz/charges>

To facilitate the efficient running of our practice, we are also implementing a pre-payment policy for all services and imposing late payment penalties as well as late cancellation/non-attendance charges.

Please read our standard terms and conditions of service at <https://www.rhdoctors.nz/terms>

In order to continue using our services, acceptance of our new terms and conditions of service is required. By using our services, you are deemed to have read our new terms and conditions of service and agree to abide by them.

Thank you for your kind understanding and continued support!
